

CUC NEWSLETTER

AUTUMN, WEEK 1

It has been a very busy first week back. We have loved the opportunity to meet so many new students, and welcome back current students to their new year groups. This week has been a chance to meet new teachers, figure out the weird and wonderful CUC Building, sort out timetables and importantly make new friends. Our new students have done so well. We appreciate there is a lot of new information to take in, and encourage you to ask if you do have any questions.

Ignite - Visit to Liverpool Hope University:

Our new Ignite students had the opportunity this week to visit Liverpool Hope University to start to explore future opportunities and understand more about university life.

Equipment:

A reminder for students that you need to bring the equipment you need with you every day. Make sure you always have a pen. Carrying a simple pencil case is a smart way to stay organised. Year 10s need a scientific calculator. If you need support to purchase any equipment, please collect and complete a bursary form from student services.

Staying in Touch:

Each week we will send a copy of the newsletter to you by email. We will share key messages, reminders and some of the brilliant things that happen in the building. We also post pictures throughout the week on our social channels. Make sure you follow us on:

Virtual Open Evening:

Our next Open Evening for people considering joining us in September 2023 will take place online on Monday 12th September at 5pm.

See the website for more details

After School Clubs:

We have some fantastic opportunities for after school activities.

- **Tuesdays - 4-5pm: Writing for the Soul** with Lucy. An opportunity for mindful journaling and creative writing. Meet outside Student Services at 4pm on Tuesdays to take part.
- **Wednesdays - 4-5pm: Drama Club** with Georgina from PAFTA. This is a brilliant, relaxed and fun opportunity to explore improv and more. Join us in the Sports Hall at 4pm on Wednesday to take part.
- **Thursdays - 4-5pm: Creative Writing Club** with Charlie from Read Now Write Now. This half term, we will be looking at how writing can help us think about ourselves in a positive way and, by doing so, how it can help us create more three dimensional and believable characters for our stories, all good, not just for school work but also for our mental wellbeing.

We are also exploring opportunities to introduce more music and sports so please get in touch with l.macaulay@lifesciencesutc.co.uk if you have an idea for a club you would like us to run.

Word of the Week - COURAGE

Definition: the ability to control fear and to be willing to deal with something that is dangerous, difficult, or unpleasant:

Usage: *It took me several lessons to get up the courage to ask my teacher for help.*
